1833 20 mar dorset chron ROBT ESQ mayor has died - excited intense sorrow acquired considerable wealth by the exercise of his own industries. for a long series of years has been a very extensive merchant and shipowners, and the almost proverbial punctuality and probity with which his affairs were transacted and the virtues he displayed in the social and domestic circle obtained for him the most general esteem. His life was terminated on Sunday in consequence of the apoplectic seizure we noticed last week. the flags were hoisted half mast high on the Guildhall, the church tower and the shipping in the harbour and all the shops in the town have since been closed
