865 One other item may be of interest which does not pertain to Lamaline. While on vacation in the Bonavista Bay area last summer I visited an old cemetary at Cape Freels. One headstone now fallen on the ground had an inscription as follows" TO THE MEMORY OF JOHN RIDEOUT DIED 1865 BORN AT BLANDFORD DORSET FOR FORTY YEARS A RESPECTABLE RESIDENT OF CAPE FREELS AGED 68" This indicates he settled there in the 1820's. Their arex a large number of headstones there but many are either buried by sand or the inscriptions have worn by time and weather to the point reading is impossible. This is indeed unfortunate.
